

BAGS AND STRAPS

“

Proteggere il prezioso strumento musicale personale è una delle priorità che la Bespeco si è imposta. Perciò ha pensato e sviluppato una serie di custodie morbide e semi rigide per strumenti a corde, tastiere, fiati e batterie, oltre a borse per supporti casse e strumenti vari.

Esse sono costruite in robusti materiali, come l'innovativo "Grid Cloth", "Oxford Cloth" e nylon antistrappo, imbottiti con padding di diversi spessori o foam.

Tutte le cuciture, comprese quelle delle cerniere lampo, sono realizzate in nylon antistrappo rinforzato.

Le custodie sono dotate di tasche e tracolle per un comodo utilizzo.

Le custodie Bespeco sono il posto più sicuro dove riporre il proprio strumento musicale.

Protecting the own valuable musical instrument is one of Bespeco's priorities. For this reason it designed and developed a series of soft and semi-rigid bags for string instruments, keyboards, wind instruments, drums, in addition to bags for speaker stands and other instruments.

They are made of sturdy materials like the innovative "Grid Cloth", "Oxford Cloth" and anti-rip nylon, padded in different thickness or foam. All stitchings, including those in zippers, are made of reinforced anti-rip nylon.

Bags are equipped with pockets and shoulder straps for a comfortable use.

Bespeco bags are the safest place where your musical instrument can be stored.

”
